## Pastabos

"Phoenix Down" (also translated as "Phoenix Tail") is used in most Final Fantasy games to revive an unconscious party member with a small portion of their HP. Phoenix Down often instantly kills or inflicts maximum damage on undead and other creatures harmed by curative spells. The item is supposed to be the feather of a Phoenix a common symbol of life and rebirth; "down" refers to the down feathers of a bird, the undercoat of feathers beneath the visible layer on top.
